MEMORANDUM FOR: Chief, FI Staff/DD/P

SUBJECT : DD/I Requirements for Clandestine Collection  
in Time of War

1. In following the war planning activities of the Agency, I have become concerned that our planning for war time operations may be putting too much emphasis on support to theater commanders at the expense of planning for the support of high priority intelligence problems of concern to the Government as a whole. I have therefore, asked OCI, OSI and OFR to prepare statements of their war time needs for clandestine collections in order that you may have this information in mind in connection with your war planning activities.

2. I would like to draw your attention particularly to paragraph 2 of the attached memorandum from the Chief, Collection Staff/OSI.

3. I would appreciate it if your Staff would look over the attached papers and let me have their comments concerning utility of these statements of requirements in their present format and specificity.

ILLEGIB

W. A. TIDWELL  
Assistant to the DD/I (Planning)
